

## Radionet3-proposal: Selection Committee Meeting JRA/NA, 10/08/2010

### Max-Planck-Institut für Radioastronomie, Bonn

#### – Evaluation Results of the Networking Activities–

Selection Committee: F. Mantovani (Chair RadioNet2), A. Zensus (Co-ordinator proposal RadioNet3), H. van Langevelde, P. Cox, R. Laing, E. Limiti, S. Rawlings, L. Testi, M. de Vos

*NA Synergy between Radio Observatories; Sender: K.-H. Mack*

Given the budget limitations this NA could not be selected as an individual NA. It was recommended to include some aspects of this activity (meeting between engineers and scientists working at the telescopes) into the NA ERATec.

#### Networking Activities – Received Short proposals

NA	Submitted by
<i>RadioNet3 Management</i>	A. Zensus
<i>Science Working Group</i>	<i>T. Venturi</i>
<i>New Skills for Radio Astronomers</i>	<i>A. Richards</i>
<i>Radio Astronomical Spectrum Management</i>	<i>A. Jessner</i>
<i>European Technical Forum (ERATec)</i>	<i>R. Keller</i>
<i>NEW: Long-term Perspective (Working title)</i>	Receiver: <i>H. van Langevelde, M. Garrett, S. Varano &amp; A. Zensus</i>
<i>Structuring European Radio Astronomy (SERA)</i>	<i>M. Garrett</i>
<i>The European Ambitions in Radio Astronomy</i>	<i>H. van Langevelde</i>
<i>VC-Net</i>	<i>S. Varano</i>
<i>Coordination of large survey efforts using the next generation of radio/mm instruments</i>	<i>R. Beswick</i>
<i>Synergy between Radio Observatories</i>	<i>K.-H. Mack</i>
