

## Radionet3-proposal: Selection Committee Meeting JRA/NA, 10/08/2010

### Max-Planck-Institut für Radioastronomie, Bonn

#### – Evaluation Results of the Networking Activities–

Selection Committee: F. Mantovani (Chair RadioNet2), A. Zensus (Co-ordinator proposal RadioNet3), H. van Langevelde, P. Cox, R. Laing, E. Limiti, S. Rawlings, L. Testi, M. de Vos

*NA RadioNet3 Management; Sender: A. Zensus*

The Committee strongly advises to stay at 8% of the total budget. The number of person months is considered reasonable. The Committee recommends shifting the additional budget request (100.000 €) for outreach, 2 PM for the Project Scientist, and support of board meetings (see below the new NA Long-term Perspective).

#### Networking Activities – Received Short proposals
